

LA FOLLETTE SLATE SWEEPS THE COUNTY AND CITY YESTERDAY

OUTAGAMIE COUNTY GIVES HUGE ENDORSEMENT TO LA- FOLLETTE'S DELEGATE CANDIDATES

AMENDMENTS ARE LOST

County Districts Vote Down Efforts to Change State Constitution—Entire Ninth District Is Probably for La-Follette

Outagamie county voters yesterday showed their allegiance to Senator Robert M. La Follette by throwing the bulk of their support to his candidates for election as delegates to the republican national convention in Chicago next June.

James Thompson, LaFollette delegate at large, led the field in both city and county. In 24 precincts outside of Appleton he was given 1,482 votes, over 1,000 more than George A. West, Milwaukee, his nearest opponent in the uninstructed ranks. Thompson's total vote was 2,488, which is also over 1,000 more than given Mr. West. West received a total of 1,437 votes in the 30 precincts, including the six in Appleton which have reported.

C. B. Ballard, Grand Chute, LaFollette lead all the district delegates in the county, polling 2,251 votes in 30 precincts, 1,345 outside of the city. Elmer S. Hall, Green Bay, also a LaFollette delegate, ran second with 2,007; Roschusch, uninstruted, third, with 1,477; Sells, uninstruted, fourth, with 1,109; Wettengel, Wood, fifth, with 792.

The LaFollette delegation carried nearly every precinct reported thus far.

Total votes for delegates at large follow: Philipp, uninstructed, 1,347; Hutton, uninstructed, 1,420; Bossard, uninstructed, 1,178; West, uninstruted, 1,437; Thompson, 2,488; Blaine, 2,337; Gross, 2,119; Krumer, 1,916; Strange, Wood, 676.

Krumer, who trailed the LaFollette ticket, polled nearly 500 more votes than the leader of the uninstructed delegates.

Appleton swung over to the LaFollette ticket by giving majorities to all his candidates except Krumer. Thompson led the ticket with 1,005 votes and was followed by Blaine who polled 953, Governor E. L. Philipp was the leader of the uninstructed group of delegates at large with 843 votes, only 149 votes ahead of Krumer, who brought up the rear of the LaFollette delegation.

C. B. Ballard, Grand Chute, LaFollette, had a big lead in the district delegate race, polling 906 votes. J. G. Roschusch, uninstructed, finished second with 880; Elmer S. Hall, Green Bay, LaFollette, third with 777; Max Sells, Florence, uninstructed, fourth, 626; Fred F. Wettengel, Appleton, Wood, fifth, 527.

Roschusch carried the First and Second wards over Ballard while the latter led in all the rest, except the Third where Hall had a one vote edge.

LaFollette's candidates for delegates at large carried all the wards but the First and Second and in those two the vote was close.

While astute politicians were not surprised at the county's endorsement of the LaFollette slate, they did not expect the majorities to be as large as they are. It is expected that in the ten remaining precincts the LaFollette delegates' leads will be still further increased inasmuch as several of the precincts are known to be LaFollette strongholds.

LaFollette men piled up a lead in nearly every county precinct. Fred F. Wettengel's showing was a disappointment. It was expected that he would run up among the leaders but the early returns indicated that he would be left hopelessly behind.

Ex-senator Schultz who sought election as a republican of LaFollette persuasion, fared badly but ran ahead of John Strange, an avowed Wood delegate.

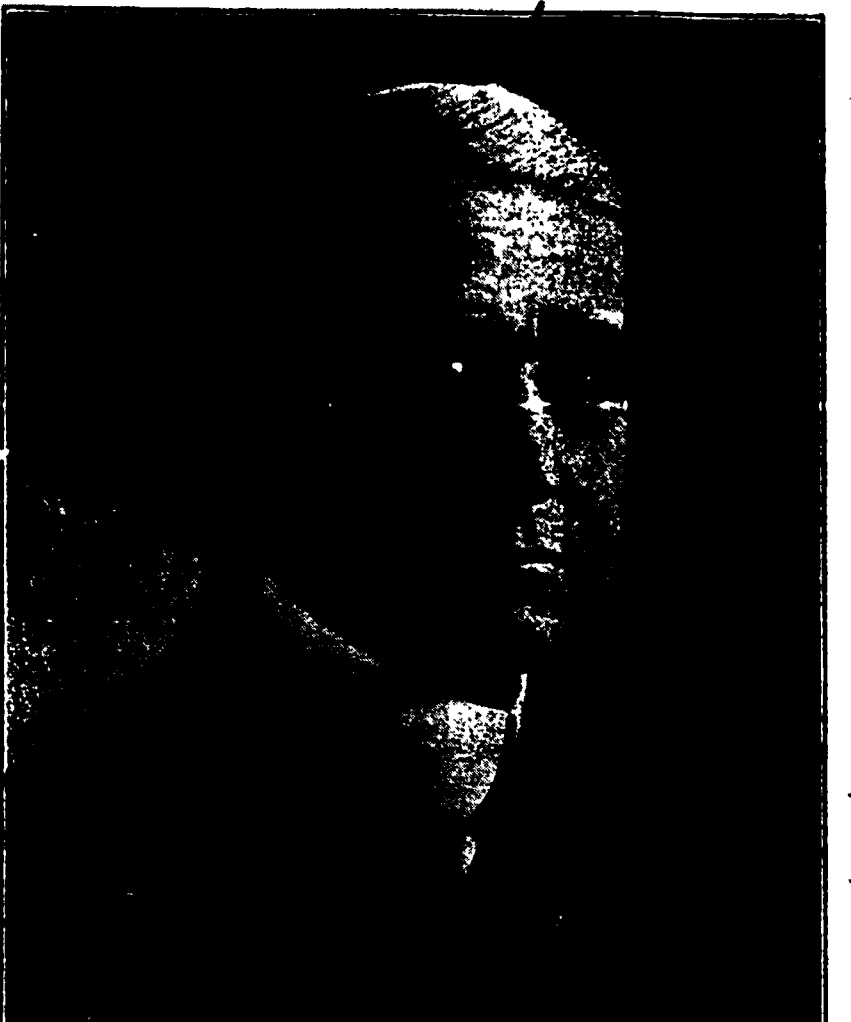

Outagamie county taxpayers, especially in the rural districts, voiced their disapproval of the amendment which would permit payment of larger salaries to legislators. The county, outside of Appleton voted the proposition down by a vote of 1,118 to 710. Appleton gave the amendment a majority but not large enough to overcome the lead piled up in the country and the amendment lost by a vote of 2,099 to 1,377.

The amendment which would permit re-districting of the state with reference to circuit judges, also was defeated in Outagamie county, 1,515 to 1,379. The city gave the amendment its endorsement but voters in the country districts snubbed it under.

Reports from other counties indicate that the LaFollette delegate slate would be given a huge endorsement when the tabulations are completed. Early reports indicated that Marinette county was the only one in the district which would return a majority for the uninstructed delegates.

Fragmentary returns from Brown county gave Hall and Thompson big leads over all the other candidates. Hall secured 1,250 votes to 661 for Roschusch in 13 precincts. Sells polled 797 votes and Ballard was

RE-ELECTED MAYOR OF APPLETON

J. Austin Hawes.

"SHYLOCK POLICY" CRUSHING GERMANY

GERMAN GOVERNMENT AVERS TROOPS MUST REMAIN IN RUHR REGION TO MAINTAIN ORDER

(By Carl D. Groat)
By United Press Leased Wire

Berlin—France would make Germany a victim of her "Shylock" policy, the government declared tonight in a proclamation on the French occupation of Germany Rhine cities.

The government said its Ruhr operation was intended merely to restore order and to prevent dissolution of the nation.

"That a hard hearted opponent desires to make our people a victim of its Shylock policy rests with that opponent alone," the proclamation declared.

The Berlin authorities promised to do their utmost to terminate the condition which had made French occupation possible.

Labor organizations of independent and majority socialists conferred tonight issuing a statement declaring for retirement of the reichswehr from the Ruhr basin, with the formation of district guards to preserve order, as provided in the Bielefeld agreement.

Laborites also demanded that reichswehr should not advance south of the river Ruhr.

In its proclamation the government pointed out that if "complete evacuation of the Ruhr basin were carried out as the French demanded, then anarchy doubtless would ensue and the coal mines be destroyed.

Germany must be allowed at least to keep a police force in the industrial district, the proclamation said.

LABOR MAN IS ELECTED GREEN BAY COMMISSIONER

(Special to Post-Crescent)
Green Bay, Wis., in the municipal election Tuesday Frank Cartier was elected commissioner to succeed George Green. He defeated Fred Bowser, former member of the county board of supervisors and a well known politician. Cartier is a union labor man and a machinist in the Chicago & Northwestern shops, having served for years on the grievance committee. It was his first venture in politics, but he defeated his opponent by nearly 800 majority, carrying ten of the fifteen precincts. Cartier is the second change in the council since Green Bay adopted the commission government four years ago. Nicholas J. Monahan was re-elected municipal judge, defeating Lynn D. Joseph.

The Holy Name society of St. Edward church, Mackville, will give a Buncan party Sunday evening, April 11, at Gairnor hall.

and Wood \$1,994. Lowden held a three thousand lead over Hoover.

From the same number of precincts Hoover on the democratic ballot had 17,562 and Edwards 15,196. Former Governor Fred M. Warner continued to lead, former Mayor Oscar Marx of Detroit by 3,000 votes in the race for republican national committeeman.

Delegates Uninstructed
Minneapolis, Minn.—Minnesota's 21 delegates to the democratic national convention at San Francisco go uninstructed, even to voting as individuals.

The state convention late last night voted down a proposition to instruct the delegates to vote as a unit in the convention.

Fred B. Lynch, national committee man, was elected a delegate at large, along with Mrs. Peter Olmsted of Cloquet, D. D. Daly of Minneapolis and Anton Weirs of Duluth. Three other women will be seated with the Minnesota delegation, elected from various district caucuses.

Engineers And Firemen Join Strike Ranks

Chicago and Northwestern Road Hampered When Engineers and Firemen Strike in Sympathy With Chicago Switchmen

By United Press Leased Wire

Chicago—A walkout of a number of yard firemen and engineers on the Chicago and Northwestern railroad today gave further serious turn to a strike of railroad employees here.

Officials of the Northwestern admitted some engineers and firemen had struck in some places with the switchmen.

"It is only a small number, however, and their places are being filled by other employees," said an official statement. "Train service is only slightly affected. We expect to have their places filled by night."

The walkout was regarded as significant as it followed a vote by leaders of the local membership of the Brotherhood of Railroad Firemen and Engineers to strike in sympathy with switchmen. There are 8,500 members of the Brotherhood and a walkout by any considerable number would provoke a serious situation.

Officials of the Chicago Yardmen's Association, a new union, which is being joined by insurgents in the big four brotherhoods, claimed several thousand firemen and engineers will be out tonight. Should the prediction prove true it would mean considerable curtailment of passenger and freight traffic.

The strike of switchmen here already has cut down Chicago's milk supply. Dairies rushed milk into the city today from country stations by means of auto trucks.

None of the strikes have the approval of the regular union organization. The strikers are mostly rebels who say they will wait no longer on national executives to negotiate the wage increases at Washington.

More Switchmen Strike

Buffalo, N. Y.—Seventy hundred switchmen, both day and night shifts, were on strike here today. Union officials said the strike was unauthorized. All railroads were affected and the tieup was said to be complete in all yards except the New York Central.

No reason was given for the strike but Louis Semery, superintendent of the New York Central, believed it was sympathy with the strike of the switchmen in Chicago.

POLITICIANS TURN THEIR ATTENTION TO ILLINOIS NOW

YESTERDAY'S PRIMARIES DID NOT CLARIFY SITUATION—WOOD LEADS IN G. O. P.

By United Press Leased Wire

New York—Illinois is the next hurdle in the obstacle race for the presidential nominations.

Preferential primaries will be held there next Tuesday. Fifty eight republicans and a like number of democratic delegates to the national conventions are affected.

Illinois has its own "favorite son" candidate for republican honors—Gov. Frank O. Lowden. Nevertheless Major General Leonard Wood has invaded that state in a spirited campaign for its endorsement.

The Wood organization, based its hopes on the fact that Lowden trailed the general had in the Michigan primaries, where both had conducted equally strong drives for republican votes. The fight in Illinois is expected to be limited to these two, as Senator Hiram Johnson, who carried in Michigan, and Herbert Hoover, who ran next to Lowden in Michigan, have made no campaigns there.

Neither the New York nor the Wisconsin primaries yesterday clarified the situation in the two major parties.

The New York republicans are expected to cast their votes on the first ballot for Nicholas Murray Butler, president of Columbia university. After that it is believed the delegation will "ride with the winner." No one has attempted to claim the state's 30 democratic delegates. Gov. Edward J. Edwards of New Jersey, William G. McArdoo and Atty. Gen. A. Mitchell Palmer appear to be equally popular.

Wood continues to lead the republican candidates with 63 instructed delegates. Johnson is second with 40 and Lowden has 12. Granting the claims of the respective candidates regarding uninstructed delegates, the possible standing would be:

Wood 100; Butler 88; Lowden 70; Johnson 40; Lenroot 26; Judge J. C. Pritchard of North Carolina 22; Gov. Henry Allen of Kansas 20.

Hoover's present margin gives him the advantage in the race for the democratic nomination, on the basis of instructed delegates. If he should finally be returned a winner on the democratic ticket in Michigan, the standing would be:

Hoover 33; Senator Robert Owen of Oklahoma 28; William Jennings Bryan 10; James W. Gerard 10. There are 171 unpledged democratic delegates.

HIGH SCHOOL STUDENTS
GIVE WOOD PREFERENCE

General Leonard Wood led Herbert Hoover by 90 votes in the straw vote election held at the high school Tuesday afternoon. Wood polled 207 votes out of 344 ballots cast by students and faculty. La Follette swept into third place, Governor Frank Lowden of Illinois. Other candidates received votes as follows: McArdoo, 29; Pershing, 25; Bryan, 17; Johnson, 14; Lansing, 8; Palmer, 4; Gerard, 4; Edwards, 2; Taft, 1.

HAWES AND BERG ARE REELECTED BY SMALL MAJORITIES TUESDAY

FRANCE ELATED BY OCCUPATION OF RHINE CITIES

FIRST PHASE OF MOVEMENT TO ENFORCE TERMS OF VER- SAILLES TREATY IS COMPLETED

GERMANS ARE ORDERLY

Expected Dramatic Effect on German People Falls to Materialize — French Demand Complete Evacuation of Rhine

(By Henry Wood)
By United Press Leased Wire

Paris.—The first phase of French occupation of German Rhine cities in retaliation for what the French consider Germany's violation of the treaty of Versailles through sending reichswehr troops into the neutral zone, had been completed today.

It was announced officially French forces had occupied Homburg, Trier, Darnstadt, Hanau, Dieburg and Homburg.

The second phase, it was learned, will be still further occupation if the Ruhr district is not evacuated by German troops. Preparation for the new French move, should it be necessary, was under way in the region of Nancy.

Soldiers on leave were recalled. Three regiments, it was learned were scheduled to leave for an unknown destination Thursday.

At Lunenburg the cavalry called in horses it had loaned the peasants for agricultural use. The French Rhine flotilla arrived at Hanau early today.

Demand Evacuation
The press today generally declared Germany should not be permitted to leave a single soldier in the neutral zone after April 10, as provided in the protocol.

It was pointed out an arrangement must be made for policing this district. The next step, the newspapers say, should be negotiation of an agreement with Germany permitting adequate police troops.

Perfect order prevailed throughout the occupied zone last night, according to advices to the foreign office. The noticeable change was the replacing of the German field gray uniform by that of the French.

Germans Are Doctile
Officials of the German delegation here denied the French move would accelerate withdrawal of the reichswehr from the Ruhr district. They predicted the teuton troops would remain "until the red revolt was crushed, irrespective of France's seizure of German cities."

The officials forecasted vigorous protest by the German government to the Allies. They said an extraordinary meeting of Chancellor Miller's cabinet was held in Berlin yesterday afternoon to decide to German course of action.

Thus far the French move apparently had failed to produce the dramatic effect upon Germany which had been expected by the German delegation here.

Dispatches from throughout Germany indicated the people, while angry, were quiet.

A member of the German delegation here admitted that he had realized Sunday that France intended to carry out her threat. He said the Berlin government ordered withdrawal of German garrisons in the occupied cities before the French arrived.

Strong for Foch
Germans bitterly accused the French of double dealing, declaring France had reversed her position in the occupation move.

The French public was elated over Marshall Foch's move. The result of the movement across the Rhine had been to increase the military leader's prestige greatly.

There was a growing tendency to blame President Wilson for the German attitude. Many observers accused the president of giving the Germans the very encouragement which resulted in their sending troops into the neutral zone in what the French consider absolute defiance of the peace treaty.

At the foreign office the German move was blamed on a general "lack of firmness of all the Allies." No single nation, it was said, could be held responsible.

Germany, foreign office members said, evidently thought the Allies could yield again just as they did in their demand for surrender of the Teuton war guilty and extradition of the former Kaiser.

But it was intimated France is prepared to stand alone if necessary to carry out the peace treaty.

Charles Manville left today for Toledo, O., having been called there by the illness of his sister and mother.

HAWES WINS OVER GRAEF BY 167 VOTES WHILE BERG HAS 36 LEAD OVER HOMER BENTON

STEINHAEUER LOSES

McCann Will Represent Second Ward in Common Council—Mayor Is Returned in the Fifth—Little Interest in Election

J. Austin Hawes was reelected mayor of Appleton for a second term over Major Lothar G. Graef yesterday by 167 votes. Hawes received 1,519 votes against 1,352 for Major Graef. The victor carried four of the six wards, two by overwhelming majorities. Graef ran ahead in the First and Second wards.

Theodore Berg was returned to office as city attorney with a margin of 36 votes over Homer H. Benton. Benton carried the First and Second wards and the remainder went to Berg. Benton all but snowed Berg under in the First ward but lost heavily in the Fifth.

The vote in the city was quite heavy despite the little campaigning that was done. The total vote was 2,866, about 85 per cent of the total voting strength. This showing was considered remarkable. Counting of ballots in the Second and Third wards was not completed until nearly 12 o'clock.

The election followed one of the most quiet campaigns in the city's history. None of the candidates showed much activity and it was only on the last day before the election that any showing was made. Posters endorsing Graef's candidacy were printed but they were not given very wide distribution. The victors in yesterday's election received the largest number of votes in the primary.

The vote by wards for Mayor follows:

| | Hawes | Graef |
|--------|-------|-------|
| First | 245 | 382 |
| Second | 177 | 319 |
| Third | 300 | 197 |
| Fourth | 167 | 120 |
| Fifth | 1,514 | 1,352 |
| Totals | 2,866 | 2,866 |

The vote for city attorney was:

| | Benton | Berg |
|--------|--------|-------|
| First | 430 | 177 |
| Second | 264 | 200 |
| Third | 195 | 283 |
| Fourth | 101 | 180 |
| Fifth | 170 | 305 |
| Totals | 1,151 | 1,145 |

Only one change was made in the common council yesterday. In the second ward Mike Steinhauer, present alderman, was defeated by John T. McCann by 43 votes. The total was 261 to 218.

Joseph Mayer was returned from the Fifth ward where he was opposed by Uno Werner. Mayer received 258 votes over Wilbur W. Jacquot in the Sixth ward, receiving 282 as compared with 191 for Jacquot.

James A. Wood was given 511 votes in the First ward, August Laabs, 428 in the Third ward, and R. F. McGillian, 27 in the Fourth ward.

An indication of how little interest Appleton people were taking in the election was the small number of telephone calls for election information. Observers with years of experience were surprised at the few requests for election results and the few men who were willing to sacrifice their sleep in order to be the first to learn who the winners were.

TAMMANY BOSS GIVES HIS IRISH ESTATE TO WIFE

By United Press Leased Wire

New York—Richard Croker, whose children brought suit to restrain him from disposing of his property has deeded Glencairn, his estate in Ireland, to his wife. In their suit, the Croker children said their father was mentally incompetent to handle their affairs and that Mrs. Croker was scheming to defraud them of their share of the estate. In a statement at Palm Beach, Fla., where he spent the winter, Croker said his home in Ireland was worth less than \$250,000 and not \$2,000,000 as estimated by attorneys for his children.

Croker also claimed his entire holdings were worth only \$250,000. Estimates by his children placed the value of the estate at \$10,000,000.

SENATE OPENS ATTACK ON UNIVERSAL TRAINING

By United Press Leased Wire

Washington—Opponents of universal military training in the senate today fired the first shots in the barrage of speeches they have planned to hurl at that section of the army re-organization bill.

Senator Nelson, Minn., republican was the first speaker.

"The system of training provided for in this bill is utterly contrary to the spirit of American institutions," he declared. "We don't want to become a military nation."

Nelson declared the bill would create an army of "college campus soldiers."

LA FOLLETTE SLATE SWEEPS THE COUNTY AND CITY YESTERDAY

(Continued from page 1)

given 631. Wettengel was far in the rear with 216 votes.

In Marinette county, Sells was leading, the unopposed candidates by several hundred votes shortly before noon with Rosebush running second. The entire uninstructed slate was in the lead and it was said that several districts still to be heard from would still further increase the lead.

A report from Antigo this morning indicated that the Leland county would return an overwhelming majority for the LaFollette delegation. Early returns showed Ballard, Hall and the LaFollette delegates far in the lead. Wettengel was training in both Marinette and Langlade counties. Oconto and Kewaunee counties were unable to give more than a few reports, not sufficient to indicate which way the vote would go. The result in these counties, probably will not be available until the votes are canvassed the latter part of this week.

Following is a tabulated report of

THOUSANDS HAVE KIDNEY TROUBLE AND NEVER SUSPECT IT

Applicants for Insurance Often Rejected

Judging from reports from druggists who are constantly in direct touch with the public, there is one preparation that has been very successful in overcoming these conditions. The mild and healing influence of Dr. Kilmer's Swamp-Root is soon realized. It stands the highest for its remarkable record of success.

An examining physician for one of the prominent Life Insurance Companies, in an interview of the subject, made the astonishing statement that one reason why so many applicants for insurance are rejected is because kidney trouble is so common to the American people, and the large majority of those whose applications are declined do not even suspect that they have the disease. Dr. Kilmer's Swamp-Root is on sale at all drug stores in bottles of two sizes, medium and large.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention the Appleton Post-Crescent.

WE ARE ALL

anxious to make money, and each one of us would be wealthy today, if, when the right kind of opportunity comes to us, we would take advantage of it at the proper time. Now is the opportune time to buy.

Stephensville Dance
The Eltington Stock company will hold a dance Friday evening at the Stephensville auditorium. The Amphion orchestra of New London will furnish music.

Abbey-Trentlage Wedding
Miss Lillian Abbey, daughter of Mrs. V. Abbey, 426 Eldorado street, became the bride of Gilbert Trentlage, also of this city, at 12 o'clock this noon. Mr. Trentlage is the son of Mr. and Mrs. M. Trentlage of Eden, formerly of this city. The wedding took place at the home of the bride's mother, the Rev. I. B. Wood officiating. The bride was attired in a dark blue suit and hat and carried roses. Her bridesmaid, Miss Ruth Trentlage, wore a blue suit and carried sweetpeas. Lester Abbey, brother of the bride, acted as best man. Following the ceremony a reception was held at the Abbey home for relatives and a few friends. A wedding dinner was served. Mr. and Mrs. Trentlage left shortly on a wedding trip to Eden. Upon their return they will make their home at Combined Locks where Mr. Trentlage is employed.

Missionary Society
The Women's Missionary Society of Memorial Presbyterian church will meet at three o'clock Friday afternoon at the home of Mrs. L. C. Sleeper, 657 Union street. K. T. Chen, Chinese student attending Lawrence college, will speak on "Educational Life of Women in China."

Over The Tea Cups Club
Over the Tea Cups club will meet at 2:45 o'clock Friday afternoon at the home of Mrs. Katherine Jones, 882 Prospect street.

Pythian Meeting
The rank of page will be conferred on a class of candidates at a meeting of the Knights of Pythias Thursday evening at Castle hall. Members and their friends will be entertained at a 6:30 o'clock dinner dance April 16.

White Shrine Banquet
Members of the Valley Shrine U. D. of Appleton, have been invited to attend a banquet and meeting of the Bethel Shrine No. 2 of Oshkosh, next Friday evening. A banquet will be held at 6:30 o'clock at Masonic Temple, followed by a meeting of the Oshkosh order. Mrs. Minerva Parent, Detroit, Mich., supreme worthy high priestess, will give instructions in Shriner work at the meeting. About 25 members of the Appleton lodge will attend.

Hortonville Dance
More than 150 couples attended the dancing party at Hortonville Tuesday night. Several Appleton people were present. Gibson's orchestra of this city furnished music.

Silver Wedding
Mr. and Mrs. William Horn, 430 Walter Avenue, celebrated the 25th anniversary of their wedding at their home yesterday afternoon. Dinner was served at noon to about 40 guests and in the afternoon cards were played. Prizes were won by

Mrs. Fred Horn and Mrs. Henry Stump, the latter receiving the consolation award. Mr. and Mrs. Horn were married here 25 years ago and have resided in Appleton ever since.

Moose Banquet
More than 200 persons are expected to attend the big banquet given by the Loyal Order of Moose at their hall April 13. Invitations have been mailed and many responses are in the hands of the committee. The principal address after the banquet will be given by D. V. Hart, prelate of the Wausau Moose lodge.

S. S. S. Club Party
Schafkopf was played at a meeting of the S. S. S. club last evening at the home of Miss Irene Groth, College avenue. Prizes were awarded to the Misses Irene Reinke and Emma Zemler. A delightful luncheon was served following the games. Next week's meeting of the club will be with Miss Irene Reinke, Durkee street.

Hi-Y Club Dinner
The members of the Kaukauna Hi-Y club will be the guests of the local Hi-Y club at a dinner to be given at 6:30 o'clock this evening at the Y. M. C. A. Prof. Paul G. W. Keller will speak.

Edward Chandler Weds
Mr. and Mrs. Frank Chandler, Clark street, have received word of the marriage of their nephew, Edward P. Chandler, to Miss Helen Wis-

ter's home, 1076 Franklin street, Tuesday evening, for Miss Marie Kraus of Shiocton, who is to be married soon to George Bruhel of this city. The home was prettily decorated with flowers. The color scheme was green and pink. Games and music furnished entertainment. Covers were laid for twenty-four guests.

Club Meeting Postponed
The meeting of the J. G. club, scheduled for this evening has been postponed until next Wednesday when it will be held at the home of Miss Dessie Whitman.

Legion Dance
The Oney Johnston Post of the American Legion will give a dancing party this evening at the armory. Scholl's orchestra will furnish music.

Moose Dance
The fourth of a series of five dancing parties given by the Loyal Order of Moose will be held this evening at Castle hall. Music will be furnished by Gibson's orchestra.

Parent-Teachers Meeting
The Parent-Teachers association of the Washington school will meet at

eight o'clock Thursday evening at the school. A picnic will be given to the members of the association will be the outstanding feature of the program.

FINDS PURSE—While crossing the avenue on College avenue yesterday Jack Walsh found a pocket-book containing two twenty dollar bills and a five dollar bill and checks and other papers that raised the amount to \$75. A receipt for a

sum of money showed that the property belonged to Andrew Brunner to whom it was returned.

CLOSE OFFICES—At a meeting of the Appleton Dental Study club at

the offices of Drs. I. J. Herrick and W. J. Foster, it was decided to close offices of local dentists at one o'clock Saturday afternoon from May 1 to November 1. Other routine business was transacted.

The Roadster, Too, Has All the Noted Essex Qualities

Speed—Power—Endurance—Economy—Utility.
It is an Ideal Car for Business as Well as Pleasure

The wide business uses for which the Essex Roadster is adapted are instantly apparent.

Its utilities are many. But note no evidence of them is revealed when the Roadster is used as a pleasure car. Every line is smart, trim and graceful. It takes but a moment to make the change.

A World Endurance Record Proves Essex Dependability

A large class of its buyers are business men. They choose it for utility and dependable transportation. It becomes, in fact, a part of their business system. It must be on the job, keep all engagements on time, and be as responsible as an engineer's watch.

These same qualities, with its rare good looks, make the Roadster unsurpassed as a smart car for pleasure.

Economy, durability and train-like regularity are the standards set by Essex. These

things have been shown in the hands of more than 25,000 owners.

It was more dramatically proved on the Cincinnati speedway, when an Essex stock chassis set the world's long distance endurance record of 3,037 miles in 50 hours. The same car, in three separate tests, traveled 5,870 miles at an average speed above a mile a minute. Another stock Essex set the world's 24-hour road mark of 1,061 miles over snow-covered Iowa roads.

It is specially suited for salesmen, inspectors and others who must cover wide territory, quickly and frequently. Though not large, the Essex is commodious. There is plenty of room for passengers, and special arrangements for carrying sample cases, unseated, and even a trunk if desired.

Come see the Essex Roadster. Ride in it. Try its paces. Whether you want it for business or pleasure, you will appreciate why Essex in its first year set a new world's sales record.

SEARCH FOR ESCAPED INMATE OF HOSPITAL

Report has been made to the police of the escape from the Northern hospital at Winnabago of Uriah Avery, 68 years old, who disappeared yesterday morning. He is five feet five inches tall, has gray hair but partially bald, wore a black cap and coat and gray trousers. It is not known

if he headed for Appleton, but officers are watching for him.

A number of young people will give an entertainment at the Badger school, Spencer road, Friday evening. The Misses Tilly and Katherine Romaneska and Martha Hanson attended the dance at Little Chute last evening.

Why Measles May Be Dangerous

This is No. 3 of a series of advertisements, prepared by a competent physician, explaining how certain diseases which attack the air passages—such as Pneumonia, Influenza, Whooping Cough, Measles or even a long continued Cold—often leave these organs in an inflamed, congested state, thus affording a favorable foothold for invading germs. And how Vick's Vapo-Rub may be of value in this condition.

Few of us escape measles—it is one of the commonest of childhood diseases. Every mother knows the symptoms, but the mistake that most mothers make is in failing to realize that the child is not fully recovered after the eruption and fever disappear. The air passages are still inflamed and if this inflammation is not cleared up, the air passages may be weakened, thus paving the way for pneumonia or serious disease of the lungs.

Nightly applications of Vick's VapoRub will aid nature in relieving this inflammation. Because Vick's acts locally by stimulation thru the skin to draw out the inflammation, attract the blood away from the congested spots and relieve the cough. In addition, the medicinal ingredients of Vick's are vaporized by the body heat. These vapors are breathed in all night long,

bringing the medication to bear directly upon the inflamed areas.

Children's digestions are delicate—easily disturbed by too much "dosing." Vicks, therefore, is particularly recommended since it is externally applied and so can be used often and freely without the slightest harmful effects.

Vicks should be rubbed in over the throat and chest until the skin is red—then spread on thickly and covered with hot flannel cloths. Leave the clothing loose around the neck and the bed clothes arranged in the form of a funnel so the vapors arising may be freely inhaled. If the cough is annoying, swallow a small bit of Vicks the size of a pea.

Samples to new users will be sent free on request to the Vick Chemical Company, 233 Broad Street, Greensboro, N. C.

ELECTION MAKES FEW CHANGES IN TOWN OFFICERS

BAUGHT RE-ELECTED MAYOR IN KAUKAUNA—GLOUDEMANS WINS AT LITTLE CHUTE—OTHER RESULTS

Very few changes in town and village officials in Outagamie county were made in yesterday's election. In only a few instances were incumbents turned out and new officers elected.

The most spirited contests took place in Kaukauna and Little Chute where the principal officers were re-elected. In Kaukauna Charles Baught was returned with a lead of 276 votes over James McFadden after a rather hard battle. L. C. Wolfe was re-elected clerk without opposition. Barney Mitchka had a lead of 94 votes over Frank St. Andrews in the race for city treasurer. Jacob Miller, alderman, ran third in the contest. J. H. Corcoran was elected assessor over Rudolph Zitlow.

P. A. GlouDEMANS again, heads municipal affairs in Little Chute, winning over Anton Janssen by 26 votes. Trustees are Peter Hermes, James Van Eyk and Walter Wildenberg. Martin Van Hoof was re-elected clerk. Anton Verkuilen defeated Fred DeGroot for city treasurer. Other officers are Joseph Hietpas, assessor; George Vandenberg, constable; Ralph Lowell, justice of the peace.

In Hortonville Emil Kluge was elected village president over David Hodgins. Rufus Poole was re-elected clerk; Mike Ritger, assessor, and Jacob Miller, treasurer.

Elections in other towns and villages follow:

Town of Buchanan
Edward Lamers, supervisor; F. C. Schuker, clerk; Herman Janssen, treasurer; Peter Bies, assessor.

Town of Hortonla
J. E. Leach, supervisor; Henry Kruckenberg, assessor; F. C. Gitter, clerk; F. C. Gitter, justice of the peace; William Dobberstein, treasurer; Gordon Douglas, constable.

Town of Freedom
Nick Fox and George T. Schommer, supervisors; Jacob DeLong, clerk; Edward J. Murphy, treasurer; B. A. Carvey, assessor; Henry Geenen, justice of the peace; Thomas Byrnes, constable.

Village of Bear Creek
C. O. Davis, clerk; F. W. Raister, treasurer; Hans Rasmussen, assessor.

Village of Shiocton
F. H. Colburn, clerk; W. A. Weller, treasurer; B. L. Allender, assessor.

Village of Kimberly
Joseph Doerfler, president; Fred Kroenke, Joseph Rosera and Henry Verbeten, trustees; Henry Langenberg, clerk; F. Franz, treasurer; Martin Vandehy, assessor; John J. Fox, constable; Adolph Lochschmidt, justice of the peace.

Town of Center
Louis Jarchow, supervisor; F. Miller, clerk; Mike Gregorius, treasurer; William Calleebe, assessor; J. W. Ahrens, constable.

Town of Maple Creek
August Schwandt, supervisor; Theodore Ruckdashel, clerk; Arthur Witt, treasurer; Jule Fuerst, assessor.

Town of Bovina
James Kennedy, clerk; Orville Valentine, assessor; Len Van Stratton, treasurer.

Town of Black Creek
J. M. Fassbender, clerk; J. H. Koehler, treasurer; D. H. Pringel, assessor.

CONSOLIDATION OF SCHOOLS RESULT OF SALARY INCREASES

INCREASED SALARIES DEMAND ED BY TEACHERS PLACES BURDEN ON SMALL SCHOOL DISTRICTS

The recent action of the newly organized Outagamie County Teachers' association in adopting a scale of wages of \$90 per month for the first year, \$100 for the second year, and \$110 for the third year will hasten the consolidation of the schools of the county more than anything else that could have been done. Consolidation talk is in the air and several school boards have already consulted the county superintendent of schools relative to necessary procedure.

The schools with small enrollments are the ones that are agitating the change. There are thirty-seven in the county that have less than twenty pupils and twenty-three of these have less than fifteen pupils. There are fourteen that have from sixteen to twenty pupils, seventeen that have from eleven to fifteen pupils, and five that have from six to ten pupils. It will be necessary for several of these districts to erect new buildings in the near future and rather than go to this expense and to the expense of paying higher wages to teachers they propose to reduce their cost of operation by consolidation.

Districts No. 1 joint and No. 8 of the town of Dale are the pioneers of the county in this movement which has already been taken up by several other counties of the state. The taxpayers of that part of the county decided to consolidate last year and are now having the plans drawn by Brown and Sooks, Neenah architects, for a new \$12,000 building which they expect to have completed by the time school opens next fall. The new building will have a basement and will be modern in every respect.

DANCE AT GAINOR'S HALL, MACKVILLE, FRIDAY, APRIL 9.—STECKER BROS. ORCHESTRA. 4 1-2-6-7-8

Mrs. W. A. Newing, who submitted to an operation at Deaconess hospital, Green Bay, yesterday morning, is recovering rapidly, according to word received here.

COUNTY LAND SALES AGGREGATE NEARLY MILLION IN MARCH

MORE THAN 350 TRANSFERS ARE RECORDED WITH REGISTER OF DEEDS IN MARCH

Property valued at nearly a million dollars changed hands in Outagamie county during the month of March, a record unprecedented in county realty annals.

According to figures compiled at the office of register of deeds, Albert G. Koch, 352 transfers involving \$966,460 were recorded last month. Approximately \$960 worth of revenue stamps were purchased.

Nearly 75 per cent, or 267 sales, were of city or village property. Eighty-five sales were of farm property.

The March sale of property established a record for the county, according to the register of deeds. "People bought to keep from going out into the street," Mr. Koch said. "It's too cold to sleep in tents now."

The largest sale recorded was that of \$35,000 for land in Nichols purchased by the Nichols Our Way Fruit company from the Malbott Wholesale Grocers, Chicago. Other large sales were: Down town property in Appleton purchased by First Trust Company from John Stevens, Neenah, \$24,500; D. J. Sexton to Henry C. Krickeberg, land in New London, \$16,000; Fred Barnum to William A. Lueck, land in Hortonville, \$19,000.

UNION HOTEL SOLD TO M. AND M. MOTOR COMPANY YESTERDAY

PROPERTY AT CORNER OF STATE STREET AND COLLEGE AV. ENUE TO BE CONVERT. ED INTO GARAGE

A deal was closed yesterday by which the M. and M. Motor Car company located at 1010 College avenue came into possession of the Union hotel property at the corner of College avenue and State street owned by Charles Reitzner.

The sale was made through James O'Leary, but the amount of consideration was not made public. The property includes Theodore Frederick's barber shop and W. H. Hackleman's jewelry store on College avenue, and

the frame building on State street formerly occupied by Mike Wagner. The new owners will take possession June 1. It is their intention to convert the hotel building into a garage, and later to build an addition to it to accommodate their constantly increasing business. The property had been owned by Mr. Reitzner for over a quarter of a century.

A rehearsal of the Methodist choir will be held at 7:30 o'clock tonight at the church.

THE UNIVERSAL CAR

Every Ford Owner Should Know

Just what Ford Service is, and why it is different from ordinary garage service, and why it is more profitable to patronize the Authorized Ford Dealer. The Ford Dealer is a part of the Big Ford Family. He carries a large stock of genuine Ford parts for repairs and replacements so you don't have to wait while he sends for them. And he uses only genuine parts because he knows the imitation parts aren't as dependable and don't wear.

He has a thoroughly equipped up-to-the-minute garage with tools that enable his Ford Mechanics to efficiently and properly make any repairs—from a minor adjustment to a complete overhaul. And when the work is finished, his bill represents the reasonable, standard Ford prices.

Now, we are Authorized Ford Dealers a—part of the great Ford Service organization which was formed chiefly to put within each community a dealer who would have more than a passing interest in Ford repairs and adjustments. We are prepared and equipped to render prompt, careful Ford service. Drive in, or phone and we will come after your car.

THE IRISH CRISIS

At no time in the history of Great Britain has the Irish question been so acute or compelled larger attention from the world than in the present crisis. There may be doubt in the minds of many who sympathize with the aspirations of the Irish people as to whether their welfare would be more soundly and truly promoted by the attainment of complete independence or by remaining an integral part of the British empire possessing full home autonomy such as is enjoyed by the Dominion of Canada. It must be admitted that British provocation justifies extreme action and an extreme attitude on the part of Ireland itself. We think it is well within the facts to say that there never has been such an exhibition of incompetency in dealing with a great political problem as that displayed by England in its treatment of Ireland. Gladstone would have solved the Irish problem, or at least have put it upon a basis for solution, had not a reactionary parliament tied his hands. The house of commons was for many years prevented by the house of lords from giving any practical consideration to the Irish question. In the meantime the injustices to the Irish people went on, mitigated only by a belated and incomplete attempt to improve economic conditions under the land acts and by changes in administrative policies. Great Britain entered the war with the Irish problem as far from being settled as it was a generation ago, not because it had not advanced in its concessions to Ireland, but because it had reached this point of submission only after driving the Irishman into greater desperation and greater determination to exact complete independence as the price for his wrongs.

The strain of the war and the illusions which it produced only aggravated and enlarged the gulf between the Irish radicals and the British progressives. Ireland today reflects the discontent and the unrest of the world. The Sinn-Fein movement offered precisely the organization in full running order for the lodgment of this spirit of antagonism. It has rapidly expanded until today it has become confessedly revolutionary in character. No one in America can judge the Irish situation with accuracy. It cannot be said with certainty to what extent the demand for sovereignty and the resistance to half way concessions by Great Britain reflect the major attitude of the Irish people. London newspapers dispute the claim that the Irish as a whole are involved in this uprising. They even go so far as to deny that a majority of the Irish people really want separation. There seems to be no doubt but what actual resistance and the incendiary movements are largely the outbreaks of radicals. Nevertheless, it is quite possible that the Irish masses have been carried away on this wave of revolution.

The American people sympathize deeply with Ireland. They want to see whatever is best for that country transpire without any thought of or regard for its consequences to Great Britain. England long ago forfeited any claims to consideration from the national or the imperial standpoint. The sole question is what should be the solution of this problem with respect to the good of Ireland. There are many who hold that affiliation with the British empire still is desirable and that the political and economic strength of Ireland would be promoted by this association, and there is much to support this view. There are others who hold that the severance of all ties is preferable, and while there is argument in support of their contention it is true, we believe, that many such advocates are influenced more by sentiment than by practical considerations. Our own idea is that Ireland's advancement would be guaran-

teed in the largest and safest measure by preserving its identity with the British empire, although it certainly should have complete freedom in the government of all its internal affairs.

THE INTERCHURCH WORLD MOVEMENT

Historically the Interchurch World movement of North America is the logical outgrowth of a tendency of the national boards in each denomination to form working alliances among themselves, in which each board shall preserve its identity and control its own personnel and treasury.

In former times, the home mission society, the foreign mission society, the church extension society and the various philanthropic and eleemosynary agencies of any denomination conducted their affairs independently of one another. Each surveyed its own restricted territory, prepared a budget of money and workers for its own purposes and made its own appeal to its constituency for support.

This could only mean that these agencies were more or less in competition with one another, that there was waste and duplication of work and money, and that among them all some work was neglected and some denominational resources were entirely overlooked. Because of their specialized training, the leaders of each agency regarded themselves as peculiarly fitted for their tasks and jealously regarded attempts at outside interference.

After decades of such haphazard methods, the leaders of one denomination decided upon an experiment. They thought it would be possible for the agencies to get together for a common study of all the opportunities and resources of their brotherhood, to make out a unified budget of men and money. It was made clear that each constituent board should preserve complete autonomy.

When the board representatives met they found it possible to eliminate a great amount of organization expenses. They ultimately worked out a budget and plan of campaign that was satisfactory to all. This resulted in the famous "Men and Millions Movement" of the Disciples of Christ, which brought in what was then considered the staggering sum of \$6,300,000 for a five-year program. The members of the communion were so pleased with this business-like method of conducting affairs that they contributed even more generously than had been expected.

The Interchurch World movement is simply a plan to do inter-denominational what the forward movements have done within the various communions. It means that every denominational budget will be made in the light of world needs instead of in the semi-obscurity of incomplete information. It means that one denomination will not be in wasteful competition with another, because all the fellowships will have worked out their programs together. The movement has nothing to do with organic church union or matters of creed or doctrine. Each constituent unit preserves complete autonomy and is bound only so far as it wishes to be bound.

An illustration of one thing the movement can do is to be found in a western community of 1,600 persons, in which thirteen denominations have been supporting separate churches with missionary funds, while an adjacent territory of 50,000 persons has only three churches. By seeing that all missionary boards are supplied with information in such cases, the movement will make possible a wiser distribution of funds.

Its first goals are to reduce unnecessary duplication and overlapping to a minimum and to bring about an intelligent division of labor in unoccupied fields. The movement is, at bottom, an attempt to put church business on the sound, rock-bottom business-like foundations upon which the great commercial institutions of America are built.

INDIA'S TAX MAY KILL KID GLAZING

Wilmington, Del.—Discriminating taxes laid by India on goatskins exported to the United States may ultimately wipe out America's glazed kid industry, according to leather manufacturers here.

With 42 per cent of the raw skins imported by American leather manufacturers and refiners coming from India, it was agreed India's latest tax of 15 per cent on exports to countries outside the British empire can mean nothing but removal from the United States to Canada of millions of dollars' worth of machinery used in the glazing and finishing of fine leather.

It was pointed out that manufacture of skins in Canada would enable factories there to undersell American made goods, they having the benefit of a rebate of 10 per cent of the tax because Canada is part of the British empire. More than 8,000 workers in Wilmington would be affected, this city having grown to be the chief center in this country for glazing of kid.

Not alone would the plant in Canada, James I. Ford of the Wilmington Leather Company said,

Confessions of a Bride

(Copyright, 1920, by The Newspaper Enterprise Association.)

The Blighted War Romance of Lucy Seale Comes Up for Discussion

Bob was even happier than I to settle down in our own little home once more. He liked it far better, I thought, than he did the night we came home first, the night he insisted on taking off my wedding veil with his own clumsy fingers.

"Our third honeymoon, my love—my love!" was his brief comment as he unfasted my big fur coat. That was characteristic of him. He never talks much when he finds existence satisfactory.

"It's a happy chance for us to find our married life improves with time, isn't it, Bob? Why, some of the young people who married when we did are already getting divorces!"

"Who, for instance?"

"Lucy Seale is suing Grant. Yes! And it's a wonder if you do not get summoned to court, Bob. She came to see me today. Of course she tried to find out what you might have told me about Grant. Why, Bob, you've never mentioned him since you came home! I had to tell her that! Fancy!"

Bob didn't look at me. Why he should have done so, I couldn't have told, although he has a habit of using his eyes a great deal when he talks. He is very apt to ask a question by a glance rather than by words.

Bob and Grant had been "buddies" over there and Grant was no saint, I knew, but that was not a reason why Bob should avoid my eyes when we discussed his friend. I had not started the story with the least idea that I was going to be suspicious of my husband. I tried to thrust the idea out of my mind but I couldn't help noticing that Bob's voice was a little brittle when he said:

"Grant and Lucy had a real war romance! It lasted only for the duration of the war. Lucy isn't acting a bit too hasty, is she?"

"I don't see it so, dear. She told me she found the pictures of four queens in Grant's baggage. Then letters from the ladies began to arrive. She talked things over frankly with Grant."

"Quarreled them over, I suppose."

"Anyway, Grant begged her not to leave him. He insisted that he still loved her. He explained that the girls always began to and he didn't really know how he had managed to get in so deep. Adam all over again. That made Lucy simply furious. She asked me if the disloyal husband always claimed he was tempted. I couldn't tell her, Bob," I said, putting my arm around my husband's neck.

This little action cheered him remarkably. Unfortunately every change in his expression began to look suspicious to me.

"Well, she offered to divorce Grant on the condition that he would marry one of the girls. What do you think he said?"

Bob shook his head.

"He said he would be perfectly honest. He could be happy with any one of them and he could be just as happy without the whole bunch. What did he mean, Bob?"

"What he said, probably."

"I see," I said, knowing that the man's point of view was outside my comprehension. Evidently Bob felt the insufficiency of his reply, for he continued:

"My dear, men do not tell the stories of their sentimental vagaries to each other. I don't know what Grant meant, my love."

"What do you suppose Lucy did next, Bob?"

"What?"

"I could see that Bob was a lot more interested than he pretended."

"She sat down and wrote a letter to each of those queens!"

Bob exploded in a sudden fit of laughter. But he wouldn't tell whether he was amused by Lucy's performance or by the illumination and disillusionment which she allotted her rivals.

"So Lucy robbed him of the whole bunch! Clever girl!" was his only comment.

(To Be Continued)

"BEGGAR MY NEIGHBOR"

"The nerve of that barber is what's gittin' me! A dollar or so for a hair-cut!" says he. Is what we'll all pay by the middle of summer. Well, if he thinks he'll hand it to me, I won't stand it. It's me for my wife and a bowl," said the plumber.

"Well, the price that that butcher is astin' a pound. You'd think it was Sterling! not sirlolin an' round. If I had my way, he'd be chucked in the harbor. I say it's owacious!"

I mean it, by gracious! And it's us for potatoes and beans," said the barber.

"Twelve dollars for shoes! and when I says 'It's plenty!' The impudent guy says he orter ask twenty. And says I 'Don't you know where the devil'll put yer."

A-arskin! sich prices? You'll go where no ice is! And yer shoes will be nailed on yer feet!" said the butcher.

"Well, of all of the robbers! I can't make a cent. The way that the landlord keeps boosting my rent. I wonder sometimes whether landlords are human."

I'm tempted to start With a donkey and cart And to peddle my goods house to house," said the shoe-man.

"I must say these workmen are making me sour. Why, the plumber is wanting two dollars an hour. I tell him he'll find he is pulling a honer Demanding such wages."

Why, why! it's outrageous! And I simply won't stand it. I'll sell!" said the owner.

So the owner did sell and he sold at a profit. And the new landlord asked the poor tenant to "Cough it!"

And the tenant asked for his goods and his labor And so did the buyer. And High-Cost went higher. For such is the gay game of "Beggars My Neighbor."

but it would mean considerably increased prices for shoes and leather goods. The Indian tax amounts to \$2 a pound on leather. It was pointed out, and with loss of 42 per cent of the present supply of skins, prices would naturally be forced upward.

TWENTY-FIVE YEARS AGO

Wednesday, April 10, 1895.

A. Finger, the well known lumberman of Eagle River, was in the city A. M. Priole of Tomahawk was the guest of Appleton relatives.

Fred Felix Wettengel was riding a new Eagle bicycle.

J. P. Buck was building a handsome new residence on his property near the courthouse.

Tom Hoefer of Chicago was calling on his brother, F. W. Hoefer, chief of police.

Miss Deci, Salisbury, who for a year had been employed as stenographer in the offices of Messrs. Whitman, Crider and Ryan, resigned to devote all her time to her work as instructor of stenography at the high school and to private work.

The Rev. John McCoy was elected moderator at the meeting of the Winnebago Presbytery at Oshkosh.

The residence of C. G. Bogan in the Fourth ward caught fire twice and was damaged to the extent of \$100.

At the meeting of the new council the night previous N. E. Morgan was succeeded by M. K. Gochmeyer as city clerk; C. H. Vinal was succeeded by Capt. N. M. Edwards as city engineer; and Dr. H. E. Ellsworth was succeeded by Dr. G. A. Ritchie as city physician. Street Commissioner William Wilson, Poor Commissioner M. F. Bartran, Fire Chief J. W. Ryan and Marshal F. W. Hoefer were reelected and the six officers comprising the police force were reappointed.

In probate court the day previous, Judge Moeskes sitting, a dividend of 40 per cent was declared in favor of creditors of the estate of E. C. Goff, making 65 per cent in dividends already declared in favor of creditors of said estate.

The new style deep front in Rudolph Schwartz's store was completed and was the handsomest one on College avenue.

The repairs to the armory had progressed so far that Lieut. Green had commenced to take the Lawrence university cadets in hand again.

THE PASSER BY

True wit is nature to advantage dressed,
What oft was thought, but ne'er so well expressed.

OH, MOTHER PIPE DOWN ON THE PILLS

The Sob-balled of the Age
Words and Music
By Accident

A little lad with curly locks stood by his mother's chair.
He gazed into her eyes with sad regret.

The mother did not seem to know her child was standing there,
But nonchalantly puffed a cigaret.
The sweet and childish prattle, Ah, the woman had not heard,
But when she told him to run off and play,

Unto his female parent cruel, the child then said this word:
"Oh, listen mother, what I have to say!"

CHORUS
"Please, mother, please, mother, cut out the pills.
They are the dope sticks that cause all your ills.

If you'd get wise, you'd realize,
You sit here puffing while Pa pays the bills;
Your fingers are slender and stained, mother dear,
You're filled with a smell de la Turk to your ear.

You go on a souse with your nicotine spouse—
Oh, mother, pipe down on the pills."

SECOND WORSE
The mother said no word at all unto her son and heir,
An inhalation deep forthwith she took.

One gathered by her movements that she didn't seem to care;
The curly-headed boy appeared forsook.

"Go find your toys and play with them," she told the little lad,
"Ah, no," said he, "I'll never touch playing more."

And till you tie a can on this here cigarette stand,
Your little boy is gonna yell and roar."

CHORUS
"Please, mother, please mother lay off on the pills.
Each is a coffin nail doubling your ills.

If you'd get hep, you'd see this step,
Gives Pop a fever and gives me the chills.
Your fingers are yellow with vile nicotine.

You have a slight cough and you're light in the bean.
With Burley you're strong, Oh, hark to my song.

Dear mother, pipe down on the pills."

Well, four months from now we shall know definitely how many and which of the favorite sons are really wife's relatives.

—Ohio State Journal.

Keeping Doc Busy Between Calls
PHYSICIAN WANTED—25 to 50 years, best location in Michigan. Nothing to sell except little furniture.—From the want ads.

We suppose all branches of literary endeavor must pass through what might be called the "high brow" stage. Poetic prose is a cloying arrangement of high sounding phrases. The old time novels have it.

Authors once made their characters speak in such language; then they employed the fine writing for description. Then "fury" found its way to the stage, to vaudeville, and now it is in the movies. The fine writing title makers are having the time of their lives. Lamp this describing a sand storm from Louise Glaum's recent film "Sahara."

The tired, old desert, plunged forever in its impenetrable mystery, is lashed to a frenzy as the furious sand leaps at the throat of the shrieking wind."

We dislike to promise, but pretty soon we are going to write a real lastline.

J. T. G.

Health Talks
by WILLIAM BRADY M.D.
NOTED PHYSICIAN AND AUTHOR

Dr. Brady will answer all signed letters pertaining to health. Writers' names are never printed. Only inquiries of general interest are answered in this column, but all letters will be answered by mail if written in ink and stamped, self-addressed envelope is enclosed. Replies for diagnosis or treatment of individual cases cannot be considered. Address Dr. William Brady, in care of this paper.

DIET IN THE SECOND YEAR

When a baby is a year old he should be given cereals such as barley jelly, oat jelly and farina. The cereal should be given at the beginning of each of two feedings daily, with a pinch of salt and some milk, but with no sugar on it. The objection to sugar on the cereal is that it cloy the baby's appetite for more essential foods. Therefore it is unwise to cater to the child's hankering for sweets. Other cereals good for baby of this age are cereals of wheat and rice. After a baby is 18 months old it is unnecessary to strain the oatmeal. Before that, in many cases, it may be best to strain the oatmeal. The baby is better off without those much flavored cereals which are not cooked in the house.

A baby a year old should have been receiving meat broth for several months. Chicken, lamb or beef broth may be given, generally not more than 4 ounces at a time. Too much beef juice may make a baby nervous and sleepless nights. Bear in mind that these meat broths contain little nutriment, but much of the stimulating extractives.

Bread crumbs, or twice baked bread, or crisp soda or graham crackers may be given daily to a baby a year or more old, but only at regular feeding times. Any baby with teeth, no matter what age, should be given bread. It may be fed with milk, with broth, as milk toast.

The baby should have some fresh fruit juice, such as orange juice, peach juice, pineapple juice, etc., daily; or stewed fruit juice such as prune juice; or the pulp of apple sauce or other stewed fruit. This tends to regulate the action of the bowels. Most babies a year old may have baked potato, plain boiled macaroni, and a few spoonfuls daily of any vegetable thoroughly cooked and strained through a collander or sieve. The green vegetables preferably given to a baby are spinach,

string beans, asparagus and stewed celery. These aid the bowel action also.

The baby's chief sustenance should still be fresh milk, of which he should have a quart every day.

Half an egg may be given a baby 15 months old twice a week, in lieu of meat broth. A little later in the second year the baby may take a whole egg two or three times a week. If the baby takes eggs without digestive upsets, he may also have articles made with eggs, such as baked custards, rice pudding, bread pudding. The preferable way to prepare an egg for a young baby is by poaching or coodling. Coddle the baby's eggs, but don't coddle the baby.

QUESTIONS AND ANSWERS
Is Appendicitis Ever Safe?

Is there a type of appendicitis that is not dangerous? Two doctors said I had chronic appendicitis, but a neighbor woman says....

ANSWER—If there is I have never encountered an instance. Chronic appendicitis does not necessarily demand immediate operation, but there is no cure but operation for it.

Forty
I am forty years old. Would it make my hair nicer to have it bobbed off short? About how long would it take for it to grow out full length again? (E. P.)

ANSWER—Years. Cutting the hair never improves the hair.

Octoroon
Please tell me what an octoroon is. If one married an octoroon would any children be likely to be really colored? (H. P.)

ANSWER—An octoroon is an individual one of whose great grandparents was a negro and the other white, one of whose grandparents was a mulatto and the other white, one of whose parents was a quadroon and the other white. Children born of a white person and an octoroon would probably be lighter than the octoroon and not colored. The possibility of a child of such parents being a "throwback"—totally colored—is common hearsay but difficult to establish as fact.

OBITUARY

JOHN N. HANSELMAN

John N. Hanselman, 57 years old, died Monday, March 29, at his home at Dale after a lingering illness. The deceased was born in Royal Center, Indiana, October 19, 1862, and came to Dale in 1882. He was married in 1884 to Miss Rosanna Gittinger. Surviving him are seven children, Daisy Spiegleberg, Lizzie Diley of Dale; Gladys Kumber of New London; Sylvia Yancy, Crivitz; Mae, Luanna and William of Dale; one grandchild; his mother, Mrs. Mary Hanselman; two brothers, Jacob and David, and a sister, Lilly Kaufman, all of Dale.

The funeral was held Thursday, April 1, from the late home. The Rev. Mr. Greenwood of Oshkosh had charge of the services. Burial was at Pine Grove cemetery.

ASPIRIN FOR COLDS

Name "Bayer" is on Genuine Aspirin—say Bayer

Insist on "Bayer Tablets of Aspirin" in a "Bayer package," containing proper directions for Colds, Pain, Headache, Neuralgia, Lumbago, and Rheumatism. Name "Bayer" means genuine Aspirin prescribed by physicians for nineteen years. Handy tin boxes of 12 tablets cost few cents. Aspirin is trade mark of Bayer Manufacture of Monocetate-acidester of Salicylic acid.

SPECIAL EXPRESS TRAIN FAILS TO START YESTERDAY

**STRIKE AT CHICAGO BELIEVED
 TO BE RESPONSIBLE FOR
 ANNULMENT OF TRAIN
 ORDER**

The special express and milk train that was to have started operating yesterday between Chicago and Green Bay failed to appear. The local staff of the American Railway Express company had all arrangements made to unload the Appleton carload as soon as it arrived and reload for the night train going south. Notice was received from the Chicago and Northwestern railway during the day that the train would not run, however. The reason was not stated, but it is supposed that the switchmen's strike in Chicago prevented the arrangements being carried through. As soon as this is adjusted, W. N. Kimball, local agent, expects that Appleton and other cities will enjoy the carload service. Coincident with the delay to this move is a notice received today placing a general embargo on all single shipments of express weighing more than 100 pounds. This applies to separate pieces of merchandise, and not to group shipments which total 200 pounds or more. Congestion at terminals is given as the reason for this order.

FORMER LAWRENCE MAN IS A SUICIDE

**DON D. SMITH, HEALTH RUINED
 BY GERMAN GAS AND HIGH
 EXPLOSIVE SHOTS
 HIMSELF**

German gas and high explosives are blamed for the suicide of Don D. Smith, a former Lawrence college student, who shot himself at his home at Milwaukee Monday afternoon.

Smith, who is 23 years old, was attending Lawrence here when the war started. He enlisted and was sent overseas, being successively shell shocked and gassed. His condition was serious when he returned home and he was confined to the county hospital for mental diseases. He was discharged as cured a week ago. His condition became extreme Monday and hospital authorities were notified. Smith ran to his room and shot himself when an attendant arrived to take him to the institution.

COMPLETE ARRANGEMENTS FOR "JOLLY-UP" AFFAIR

Final arrangements for the "jolly-up" at 7:30 o'clock tonight in the Appleton high school gymnasium have been completed. An invitation to every woman and girl of the city has been extended by the Recreation department of the Appleton Women's club which is giving the affair.

A delightful program has been planned for the evening's entertainment. Music will be provided and dancing will be one of the diversions. Those interested in swimming, dancing, hiking, gymnasium work, or tennis will have the opportunity tonight of becoming members of clubs organized for carrying on these activities. Leaders will be appointed and the good times of the clubs will begin as soon as they are definitely organized.

75 CHICKS KILLED BY OIL LAMP EXPLOSION

The explosion of a kerosene lamp in a brooder resulted in the death of about 75 little chicks about seven o'clock last evening. J. P. Shimek, proprietor of the Junction house, placed the brooder in a woodshed adjoining the hotel and a good portion of the eggs had been hatched when the fire occurred. Considerable damage was done to the shed and its contents before the fire department could extinguish the blaze. The loss will probably amount to \$500.

William Kohl of the town of Grand Chute is erecting a new garage on his farm.

A Sale of Curtain, Cretonne and Drapery

REMNANTS

A large assortment of remnant lengths accumulated during the late Fall and Winter Season. Many of the lengths are left-overs of fine contract fabrics that were not on sale in regular stock.

All are priced at ONE-HALF FIRST COST and the QUALITY and PRICE will quickly appeal to those who have been looking for new Curtains and Draperies.

The lengths average from 2½ yards to 6 yards — NETS, SWISS, MARQUISSETTES, SUN FAST SILKS, KAPOCK SILKS, CRETONNES, MADRAS and PRINTED LINENS.

Fluff Rugs

A special purchase offered at interesting prices, sizes 18x36 inches to 4½x7½ ft.

Saecker-Diderrich Co.
 FURNITURE, RUGS, DRAPERIES.

THE PETTIBONE-PEABODY CO.

Corsets and Brassieres Correctly Fashioned

SO MUCH depends upon good corseting that no one can afford to have new clothes fitted over ill-fitting corsets, or even wear them. With Pettibone's experienced corsetiers at your service and corsets that have correct boning, made of good material and having the right lines, there is no excuse for any woman every being improperly corseted.

To choose from are the famous Warners, Redfern, Madame Lyra, American Lady, Gosard, Nemo and P. N., each make especially recommended for particular features which our corsetiers will explain to you.

The Important Brassiere

When one is well corseted then comes the Brassiere. Some women find the bandeau of net and lace quite enough to cover up the "break" at the corset top. Others require a boned brassiere of a different cut, but every woman needs some kind to give the finished look that underlies careful grooming.

THE BASEMENT SHOES

For Women, Misses, Boys and Children

The price advantage of early contracts entered into last year for the staple shoes is most pronounced in the offerings now made in the Economy Basement. **Splendid quality footwear at prices less than the factory cost today.**

Women's Genuine Black Kid Shoes with Cuban or Louis heels, solid leather McKay soles, plain toes or tips. A splendid value at **\$5.95** a pair.

NEWS OF OUTAGAMIE COUNTY AND WISCONSIN

EQUITY WANTS TO ABSORB WISCONSIN CHEESE FEDERATION

OTTO ROHM, BLACK CREEK, TAKES LEADING PART IN EFFORT TO BRING ABOUT MERGER

Plymouth, Wis.—The Wisconsin American Society of Equity, is making overtures to the Wisconsin Cheese Producers' association, inviting the association to merge with Equity by becoming the cheese department of the Wisconsin Farmers' Equity exchange, the new business section of the state Equity.

Wisconsin farmers can control the market on American cheese within two years, or as soon thereafter as they are ready to handle the giant volume of business such control would entail, if the proposed merger is effected. Otto F. Rohm, secretary of Equity's state board of directors, and secretary-treasurer of the business department, told the directors of the cheese association at a meeting called here to listen to Equity's proposal.

Handled Vast Volume
The federation sold more than 14,000,000 pounds of cheese in 1919, this being the output of the 120 factories operated by the federation. This is less than 10 per cent of the cheese now manufactured in Wisconsin, and President Henry Krumrey of the association declared that an expansion beyond 50 per cent increase would not be desirable for the federation until new markets had been found. Arrangements for new marketing facilities can be arranged as needed, the Equity men believe.

Slight Change Necessary
The proposed merger can be effected with but minor changes in the federation constitution and by laws. Mr. Rohm told the directors. In this position he was sustained by Atty. Miles C. Riley, Madison, counsel for the federation and the Equity exchange.

The necessary changes could be made only at an annual meeting of stockholders of the federation, Mr. Krumrey said. He expressed a will-

ingness to allow the plan to be presented fully at the next meeting, in February, 1921, and to support a concrete plan for a merger if a plan should be presented which promised mutual benefit without excessive cost. Similar statements were made by other directors.

U. W. FACULTY UNION OPPOSED BY STUDENT

Madison—The announcement that twelve members of the state university faculty have joined the American Federation of Labor has brought a protest from a student in a letter to The Daily Cardinal, student newspaper. The writer objects to having the University of Wisconsin "thus stamped." He says there is danger of unionized professors looking with favor on industrial unrest and anarchy, and propagating radical ideas in the classroom. The movement throughout the country to raise the salaries in the teaching profession has not been brought about by the Federation of Labor, he points out, nor by threats, strikes or coercion. The joining of a labor organization lowers the dignity of the profession whose standard is above the "sordid level of materialism."

King Alfonso of Spain may compete in the rifle matches and also polo games at the Antwerp Olympic festival this summer.

AN OLD WOOL DRESS IS NOW WORTH \$50

"Diamond Dyes" Turn Faded, Shabby Apparel Into New

Don't worry about perfect results. Use "Diamond Dyes," guaranteed to give a new, rich, fadeless color to any fabric, whether it be wool, silk, linen, cotton or mixed goods. Dresses, blouses, stockings, skirts, children's coats, feathers, draperies, coverings. The Direction Book with each package tells so plainly how to diamond dye over any color that you can not make a mistake.

To match any material, have druggist show you "Diamond Dye" Color Card.

URGES TREATMENT OF CONTAGION IN GENERAL HOSPITALS

PEST HOUSES ARE CALLED TO TALLY UP FOR TREATING COMMUNICABLE DISEASES

(Special to Post-Crescent)
Madison, Wis.—When communicable diseases are treated in general hospitals one of the greatest advances in the control of these diseases will have been made, the quarterly bulletin of the state board of health declares today. The article from which this citation is taken makes an appeal for the abandonment of the discredited "pest house," which it says is "often difficult of access, frequently defective in construction, lacking in comforts and ordinary facilities for treating the sick, and totally unfit for the care of patients suffering from communicable disease."

"Fully as objectionable as any of these characteristics," it continues, "is the fact that the average hospital of this type seldom has a trained personnel, dependence being placed instead upon inexperienced and unskilled caretakers for assistance in nursing. Thus many innocent persons are unjustly penalized because they had the misfortune to acquire a communicable disease."

The board asserts it has been demonstrated conclusively that communicable disease can, without danger of cross infection, be treated in a general hospital either in the same wards as non-contagious cases or in individual small rooms. Separate wards are considered preferable. By these means modern hospital facilities, administered by an instantly available and skilled personnel, are at hand for these cases.

It is admitted that this reform will require considerable educational effort among physicians and hospital executives before it achieves any great degree of popularity. Prediction is made, however, that when the practice does become popular it will increase in frequency. This, it is added, will bring more effective isolation and make better care and treatment available for persons ordinarily unable to secure medical and nursing attention

KILBOURN COMMERCIAL CLUB IS ORGANIZED

Kilbourn, Wis.—At a recent meeting of the business men of Kilbourn, plans were taken to organize the Kilbourn Commercial club, the purpose of the club being to promote the business interests of Kilbourn and to aid reliable industrial and manufacturing interests in locating here. The following officers were elected: President, C. D. Fodderly; vice president, H. A. Field; secretary, Dr. R. D. Boynton, treasurer, J. S. Murphy.

UNION MOLDERS GAIN IN STRIKE AT SUPERIOR

Superior, Wis.—The union molders' strike, which has been in progress at the McDougall-Duluth plant, has spread to all shops of Superior and Duluth. A number of plants have closed down completely. Others are seriously handicapped. The men ask an increase from 80 to 90 cents an hour. According to E. H. Williamson, Superior Iron works, the highest wage scale in the competitive field is now being received by the molders of Superior and Duluth and a further increase would make competing for contracts impossible.

Try This If You Have Dandruff

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.

There will be no Easter or spring vacation in the Triangle school in accordance with the wishes of the school patrons.

Miss Emma Miller of Milwaukee spent Easter vacation with her parents, Mr. and Mrs. John Miller, Spencer Road.

STATE ASKS COUNTY TO MOVE TEACHERS' TRAINING SCHOOL

Ashland, Wis.—State Supt. C. P. Cary has notified the principal and the members of the county training school that the county training school for teachers will have to be moved to Mellen or to Ashland, or state aid will be withheld. Mr. Cary states that he will not recommend the school for state aid if it is maintained at Butternut after this year. It was located at Mellen by vote of the Ashland county board in 1914. The school was maintained there until a year ago, when it was changed to Butternut. As located at present, the school is too far from the center of population of the county, and the attendance is poor. It probably will be changed to Ashland.

The granddaddy of all codfish, weighing 70 pounds and measuring 5½ feet from head to tail, was the record catch made by the East Coast Fisheries Company of Cape Cod. It is said to be the largest codfish landed for nearly half a century.

CHANDLER SIX

The Most Closely Priced Fine Car

We Let You Know What The Chandler Price Is

THE Chandler Motor Car Company, ever since the first Chandler Car was built seven years ago, has, in every advertisement issued to newspapers and magazines and all other forms of publications, stated the list price of the Chandler Car.

It states it now and will continue to do so. There is good reason for this and many thousands of motor car owners know it. This is the reason—The Chandler Six is the most closely priced fine car in the whole medium priced field.

Look through the pages of this paper or a magazine that may be lying on your table. There are probably from ten to twenty automobile advertisements. How many name the price of the car?

True, the cost of automobile production has increased in the past year, and it is still increas-

ing. But the Chandler Company, throughout 1919, with all its production greatly oversold, held to its price.

The Chandler Six of today is a highly perfected development of the Chandler Six of seven years ago, which started the trend toward lightweight sixes. All the engineering skill and production efficiency at the command of the Chandler Company has been devoted to this one chassis and that fact is one of the reasons for the Chandler's leadership in its field today.

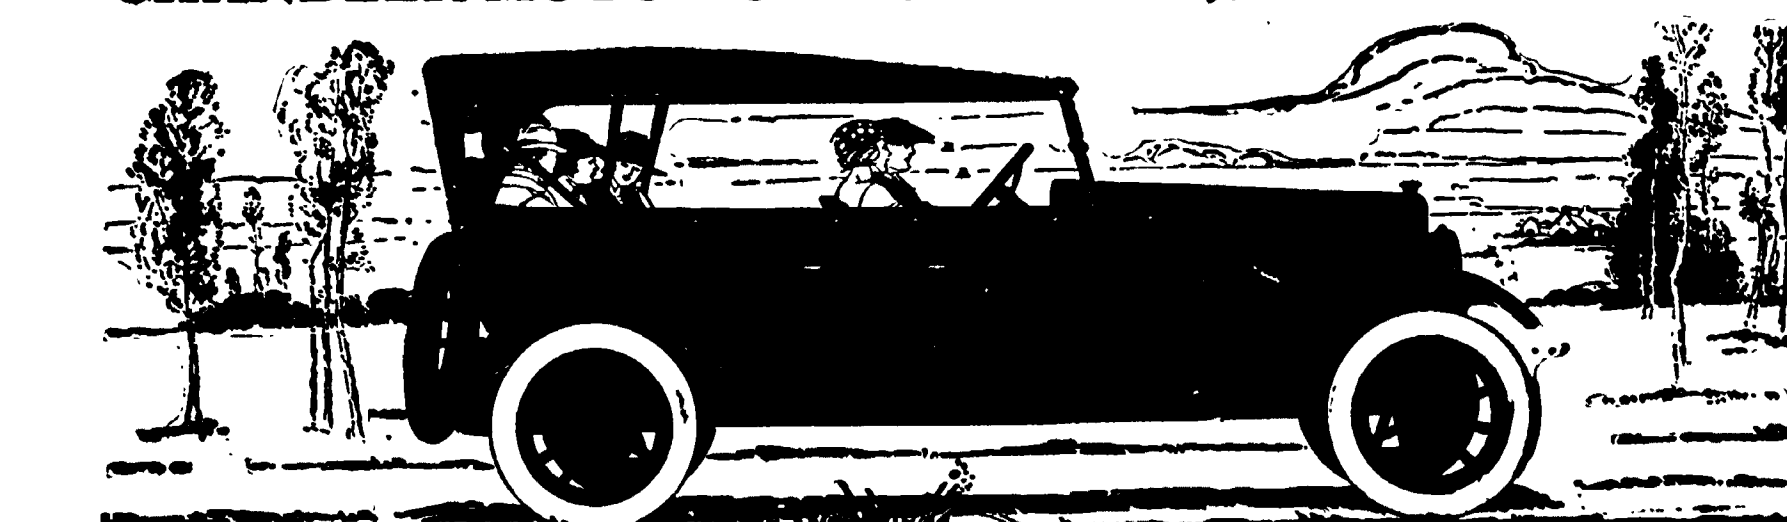

All Chandler bodies are mounted on the one standard Chandler chassis. Simple, sturdy and dependable throughout, its features embrace, as for years past, the really marvelous Chandler Motor, solid cast aluminum motor base, annular ball bearings, silent chain drive for the auxiliary motor shafts, and Bosch magneto ignition.

Cars that May Compare with Chandler are Listed at Hundreds of Dollars More

FOR SALE-50 acre farm 1 1/2 miles north of Kaukauna, with or without personal property. John Ver Boort, Kaukauna, R. 2.

HOME OWNING EASY THRU KENOSHA HOUSING PLAN

Liberal installment Plan Buys Homes for Moderate Earners-Value Has Doubled Since Plan Was Put in Operation

(By Edward M. Thierry)
(Special to Post-Crescent)
Kenosha, Wis.-A blacksmith in a Kenosha factory didn't have a cent four years ago. Wages all went for rent and food for his family. Yet he was able to buy a home.

He scraped together \$100 and began paying for it in installments of \$18 a month. It will have cost him \$2500 when he finishes the payments. Any day he wishes he can sell the home for \$5000.

The blacksmith's home in Elmhurst-av is one of 214 homes built through the co-operation of 12 manufacturing companies in Kenosha.

War-time cessation of building halted the movement after 114 homes had been built for employees. Houses, with lots, then cost from \$2500 to \$3200.

Last summer operations were resumed by the Kenosha Homes Co., the joint stock company the manufacturers organized. Ninety more homes have just been completed. They were sold in 30 days. Minimum payments now are \$200 down and \$40 a month.

Milton L. Dowse, manager of the homes company, in a recent address before the Wisconsin Retail Lumbermen's Association in Milwaukee, urged support for the Calder-Nolan bills before Congress, proposing Federal Reserve Bank aid in taking up first mortgages.

Kenosha industrial homes are not of the standardized "barrack" type. Ten different models have been built, with an eye for architectural harmony. All houses have electric lights and other modern equipment. Lots are large enough for flower and vegetable gardens.

CIGARETTES, TEA, COFFEE AND COCOA ARE GOING TOO

(Special to Post-Crescent)
New York-Your cigarette is next! They are going to get it. And after that your coffee, your tea and your cocoa!

This is on the word of Dr. Charles G. Pease, now heading the Non-Smokers' Protective League of America in New York City. In a few years, Dr. Pease says, it is going to be as hard

to get a cigarette as it is now to get a glass of beer.

Dr. Pease says, it is going to be as hard to get a cigarette as it is now to get a glass of beer.

SALARY INCREASES GIVEN SHEBOYGAN SCHOOL TEACHERS

TEACHERS TAKE A HAND IN RAISING SALARY SCHEDULES IN ALL COUNTIES

Sheboygan, Wis.—Two teachers' organizations played significant parts in securing salary schedules for next year for all Sheboygan county schools that promise to place satisfaction to the teachers and prove the county as a whole on a par with the most forward-looking counties of the state.

Action resulted from a meeting of

the county teachers' association at Plymouth. A salary schedule calling for advances over last year's contracts approximating 50 per cent, was drawn up by the members of the association pledging themselves not to accept less than the minimum salaries set by the schedule and not to underbid each other in the search for positions. The minimum for beginning teachers was set at \$90 and for experienced teachers \$100 a month.

Schedule is Adopted
Teachers of Sheboygan, the only city in the county with a city school system, acting with the consent and approval of Supt. J. G. Walvoord, appointed a committee to draw up a salary schedule for submission to the school board. The schedule was adopted by the board with but minor amendments and reappointment contracts handed to the teachers before they departed for their Easter vacations.

As the result of two flat salary raises during the school year, \$10 per month effective for the entire school year (ten months) and \$20 per month effective for the second semester, both operating partially in the nature of bonuses to be paid at the end of the year, the minimum salary for inexperienced teachers has been raised from \$70 to \$100.

Following the second raise all salaries were held up for two weeks on a technicality, and a number of the teachers were so hard pressed before the end of that short period that it was necessary for school officers to assist them in borrowing money from the banks with which to meet their bills.

The new salary schedule will not affect the new minimum attained by the flat increases, as inexperienced teachers in grades below the sixth will start at \$1,000, but will operate to raise maximum salaries, which will be based on ten years of service. Under the old schedule of \$700 minimum salary, the average was about \$925.

The minimum salary in the high school will be \$1,200 and the maximum \$2,100. Reappointment contracts have been offered the present staff with increases ranging from \$100 to \$400 a year.

Two flat salary increases for teachers in the Plymouth city schools since contracts were made last spring the first \$5 per month during the summer and the second \$10 per month in October, raised the salaries in the grades to between \$95 and \$120 a month.

Reappointment contracts now being offered Plymouth teachers are for a minimum of \$1,025, a maximum of \$1,150 and an actual average for all grades of \$1,068. The minimum salary offered in the high school is \$1,200, and the actual average for 11 teachers, not including the principal, is \$1,460. The average increase in the high school is about 20 per cent.

Bonds Accept Ultimatum
Rural school boards are apparently accepting with good grace the ultimatum of the teachers' association, according to H. C. Dornbush, county superintendent of schools, many teachers having already received their contracts at the minimum salaries demanded, and in some cases getting more than the minimum called for by the schedule, which not only asks \$90 for inexperienced and \$100 for experienced teachers, but classifies the work for other than one-department schools. For two-department or second-class state graded schools, the minimum for the primary teacher is \$100 and for the principal \$140; for three-department schools the minimum for the primary teachers is \$100, for the intermediate teacher \$120, and for the principal \$140.

At present, but three of the 203 teachers under the jurisdiction of the county superintendent are teaching on emergency certificates, and these are classed as not fully qualified only on account of technicalities, Mr. Dornbush said.

A county training school has been authorized by the county board of supervisors, and quarters at Plymouth have been leased and a staff of three teachers hired.

Houser Heads Badger Livestock Association

Madison—Walter L. Houser, Mondovi, has been re-elected president of the Wisconsin Livestock Breeders' association. The annual convention will come to a close here Saturday night. Other officers elected were: Vice president, J. C. Robinson, Evansville; secretary, A. W. Hopkins, Madison; board of directors, J. P. Riordan, Mayville; W. L. Rosendahl, Prairie and M. L. Wells, Kenosha.

President Houser urged that the organization continue the better breed policy that has been pursued for the last year.

"We have a clear path to follow in up-building animal husbandry and agriculture in this state," he declared. "We saw our farms become depopulated by vigor and strength year by year. We had to stop the tide by taking measures to keep the youths on the farm. The activities of this association are with the boys who are yet on the soil. Our junior livestock exhibitions and baby beef shows are to create interest and wed the youths to the soil."

Grip, Influenza

Hamlin's Wizard Oil a Reliable, Antiseptic Preventive

During influenza epidemics spray the nose and throat several times a day with one part Wizard Oil and two parts water, using an atomizer. If you haven't an atomizer, gargle the throat and snuff the mixture up the nose. This treatment sets up an antiseptic wall of defense against "flu" germs.

Chest colds and sore throat lead to grip. Stop them at once with Wizard Oil before they can develop into dangerous influenza.

Get it from druggists for 30c. If not satisfied, return the bottle and get your money back.

Ever constipated or have sick headache? Just try Wizard Liver Whips, pleasant little pink pills, 30c at druggists. Guaranteed.

DAIRYMAN GAINS SIXTEEN POUNDS

Wants To Tell The World What A Blessing Tanlac Has Been To Him

"Yes, sir, I am feeling like my old self again since I have taken Tanlac, and, if anything, I am in better health than I ever was in all my life," said William Scheel who owns a big dairy farm out on Route No. 1 from Newpore, Minn., a town ten miles from St. Paul.

"It was just a year ago this month that I was down in bed for three weeks with the influenza, and the after effects I was never able to get rid of until I started taking Tanlac," Mr. Scheel continued. "My stomach was left in an awful condition and merely everything I ate disagreed with me. Gas formed and pressed stomach day and night and I lay around my heart and into my lungs until I could hardly breathe. I suffered with pains in my stomach and at times that I would almost faint and times that I would almost fall over. I had a bad cough all the time and of mornings it was so bad that I nearly exhausted me. My back troubled me a great deal and it was so weak I had to be very careful about lifting anything. I could sleep but little at night and when I got up every morning I felt so worn-out I just had to drag myself off to my work."

"That was my condition when I started taking Tanlac, but things are different now. I have just finished my fourth bottle of Tanlac and not only have my troubles all disappeared but I have gained sixteen pounds in weight. Everything I eat agrees with me. The pains and cramps have all left me and as the gas has quit forming my breathing is free and normal. That aggravating cough has gone too and my back never bothers me any more. I get up of mornings after a fine night's rest and really enjoy doing a big day's work. I want to tell the world about Tanlac, for since it has done so much for me I want to see others benefit from it like I have."

Tanlac is sold in Appleton by John E. Voigt; F. O. Town, Shiocton; Dr. J. M. Sattler, Bear Creek.

MEET HERE FRIDAY TO COMPLETE PLANS FOR CHURCH DRIVE

INTERCHURCH WORLD MOVEMENT TO BE PRESENTED AT FIRST CONGREGATIONAL CHURCH

Practically every protestant church in Outagamie county will be represented at the Interchurch World movement conference which is to start at 10:30 o'clock Friday morning at the First Congregational church. Several letters have been sent out urging a liberal representation, and a committee has also personally visited several of the churches urging attendance.

The local aspects of the program will be under the direction of Dr. D. O. Kinsman, county chairman of the Interchurch campaign. He will be assisted by A. R. Eads, the Rev. G. A. Stickney and Dr. J. H. Tippet, district chairman. Other features will be presented by the state central committee, which has a team of six or more of the ablest religious leaders visiting each county and making addresses on specialized subjects. The names of the men who will come here have not been received by the county officials.

Results of the world religious surveys on every aspect of social service and religious needs will be presented by the evangelistic program of the movement. Illustrations of conditions found by investigators will be presented by lantern slides which will be shown as the closing number of the evening's program.

The most important issue at this time, however, will be the organization of the county for the united financial campaign. In Outagamie county, each denomination will undertake the raising of definite sums for its own work and for the world program, and in addition a sum aggregating \$24,000 is to be sought from friendly citizens who are not definitely identified with any church or denomination. According to Dr. Kinsman, this is practically the first great movement that should appeal to business men, as it is a district attempt to put religious methods on a business basis. Everybody that believes in christian principles for society for the present and future, he states, will want it stressed at this time.

Continuous sessions will be held from 10:30 o'clock in the morning until about nine o'clock in the evening, allowing time only for meals. From eight to 8:15 o'clock in the evening there is to be a layman's address by F. J. Harwood, who has conferred with national religious leaders in New York regarding the movement. Opportunity will be given for denominational conferences, and the young people will also have their share in the program during a period from 5:30 to 7:30 o'clock.

EASTER DANCE AT HAMPEL'S CORNERS THURSDAY, APRIL 8. MUSIC BY APOLLO ORCHESTRA. REFRESHMENTS WILL BE SERVED. E. C. HICKINBOOTHAM, Prop.

HAS DIFFICULTY IN GETTING N. G. MEN

Manitowoc, Wis.—When Col. Byron Beveridge visited Capt. Schmidt in this city, the captain was told that the local command must be recruited to a strength of 90 men before they could be mustered into the federal service and that the quota must be secured before April 25. The captain was prepared to muster in with 65 men; and difficulty is being experienced in securing the additional recruits.

"TAR-BABY" HAS THE BEST RECORD OF ALL

BOSTON SAM LANGFORD HAS ACHIEVED 70 KNOCKOUTS IN HIS LONG RING CAREER

If one scans the knockout records of the present day champions it becomes apparent that Pete Herman, king of the bantams, is a "poor" title holder. Pete has knocked out only ten opponents. Kid Williams, Herman's immediate predecessor, has a total of 48 knockouts.

Despite this seemingly weak record, Herman has proved that he can fight whenever he wants to. Since winning the title from Williams in 1917 Herman has given the former champion a return match and beaten him so badly that even Williams' own friends had to admit he was licked.

He has also met Johnny Coulton, from whom Williams took the title, and stopped him in three rounds. He also stopped Frankie Mason and defended his title successfully in 20 rounds against Frankie Burns and in 12 rounds against Harry Kaba-koff.

The present bantam champion has kept busy since winning the title, taking part in more than 50 battles since beating Williams.

Jimmy Wilde, flyweight champion, scored 60 knockouts in ten years of fighting. Johnny Kilbane, featherweight champion, has been active for 12 years and boasts 21 knockouts. Benny Leonard, lightweight champion, ranks right next to Wilde in number of knockouts for champions with 54 "kayoes."

Jack Britton, welterweight champion, has 25 knockouts to his credit. Mike O'Dowd, head of the middleweight division, claims a string of 31 victims in less than seven years of milling. Battling Levinsky took part in more than 200 bouts in ten years and scored 20 knockouts, it being Levinsky's idea to outpoint his op-

ponents. Jack Dempsey, the present heavyweight titleholder, put on the gloves first in 1915 and sent 43 opponents to sleep.

Perhaps the greatest knockout record of any fighter is that boasted by Sam Langford, who started fighting directly after the flood. The "Boston Tar Baby" dropped 70 opponents for the full count and is still able to move around. He says he will run the record up to 100 before he is ready to quit.

The return to normal conditions in France is going on so rapidly that 4,300,000 inhabitants of the 4,700,000 who during the war occupied the devastated areas have returned to their homes and will have the region under cultivation within a year.

THE BEST ON EARTH

Says Mrs. Staples of Lydia E. Pinkham's Vegetable Compound.

Taunton, Mass.—"I could not eat or sleep for six months, had fainting spells and could not walk without help for three months, caused by female trouble. My cousin, who was a doctor, told me to take Lydia E. Pinkham's Vegetable Compound and it helped me greatly. Then during the Change of Life I used the same remedy. I am seventy years old now and am able to do my own housework and walk one mile to church every Sunday morning and evening. I am recommending the Vegetable Compound to my friends having the same troubles as I had. Your remedy is the best on earth. I cannot find words to express my gratitude to it."—Mrs. SUSAN C. STAPLES, 157 B School St., Taunton, Mass.

The reason that thousands of women from all parts of the country write such grateful letters is that Lydia E. Pinkham's Vegetable Compound has brought health and happiness into their lives, once burdened with pain and illness. It has relieved women from some of the worst forms of female ills, such as displacements, inflammation, and ulceration. Why don't you try it?

Acid-Stomach
Makes 9 Out of 10 People Suffer
Doctors declare that more than 70 non-organic diseases can be traced to acid-stomach. Starting with indigestion, heartburn, belching, food-repeating, bloating, sour gas, stomach, the entire system eventually becomes affected, every vital organ suffering in some degree or other. You see these victims of acid-stomach everywhere—people who are subject to nervousness, headache, insomnia, biliousness—people who suffer from rheumatism, lumbago, sciatica and aches and pains all over the body. It is safe to say that about 9 people out of 10 suffer to some extent from acid-stomach.
If you suffer from stomach trouble or if you are a victim of acid-stomach, you are weak and ailing, feel tired and dragged out, have "peps" and enthusiasm. You know something is wrong although you cannot locate the exact cause of your trouble—you naturally want to get back your grip on health as quickly as possible. Then take **EATONIC**, the wonderful modern remedy that brings quick relief from cases of indigestion, belching, gassy bloating, etc. Keep your stomach strong, clean and sweet. See how your general health improves. You will feel the old-time vim, vigor and vitality come back. Get a big box of **EATONIC** from your druggist today. It is guaranteed to relieve you. If you are not satisfied your druggist will refund your money.

HUNGARY MAY NAME BRITON NEXT KING

ORGANIZED PROPAGANDA FAVORS PRINCE ALBERT AS NEW HEAD OF TERRORIZED HUNGARIAN REGIME

By Milton Bronner
(Special to Post-Crescent)
London—It troubled Hungary, which is at present under a regent, Admiral Horthy, decides to have a king, put your money on an Englishman—Prince Albert Frederick Arthur George, the second son of the present king of England.

Things haven't come so far as public overtures in the matter, but the probabilities are that feelings have been put on both sides. Hungary having put on a spell of nightmare under the Red Terror, led by Bela Kun, is now having another nightmare under the White Terror. Horthy is recognized as merely a stop-gap put up by the proud old Magyar nobles.

An organized propaganda has been started in favor of Prince Albert being made king. For instance, the other day a leading English newspaper carried an article by a correspondent from Budapest in which the writer spoke of the universal popularity of Britons and Americans in the one-time kingdom.

In the next breath he said the sentiment was growing that Hungary should have a king and that Prince Albert's photo was displayed in multitudes of windows.

The people felt that an English king, scion of the house of Windsor and raised to believe in constitutional government, could be above Hungarian party squabbles and would be able to restore something like order to the distracted land.

A few days later Prince Albert went to 10 Downing-st., the official residence of the British prime minister, where he had lunch and talk with Lloyd George. London guessed the talk had to do with Hungary.

Prince Albert was born Dec. 14, 1895, is a lieutenant in the royal air force and an aide-de-camp to the king. During his brother's travels around the world, he has been acting for the Prince of Wales.

MRS. FRANCIS B. SAYRE

Tea for Three
"Tea for Three" the latest play by Roy J. Cooper, Meguire, author of "It Pays to Advertise," "Under Cover," "Seven Chances" and a score of other successes, will be seen at the Appleton Theatre, Thursday, April 15.
This new comedy played for one entire year at Maxine Elliott's Theatre, New York, to record attendance throughout its entire engagement. Those who saw it in New York declare it to be the best play that Mr. Meguire has yet written.
It has all the humor of "It Pays to Advertise"—all the charm of "Seven Chances"—and all the dramatic intensity of "Under Cover" and "Under Fire" although unlike the latter play it is not only not a war play but it doesn't even allude to the war.
Tyson & McCoy have furnished the play with the original novel and attractive stage settings and a cast of super excellence.

INTERCOUNTRY FAIR TO INCREASE PREMIUM LIST
Watertown, Wis. — A committee named to recommend division superintendents for the Inter county fair consists of H. J. Grell, C. W. Harter and Theo. Lehmann. It is proposed to add greatly to the classes by increasing the number of premiums and items for entrance. A. J. Garke of the Jefferson County Holstein association, Walter Main of the Jefferson County Guernsey Breeders' association, County Agent Coyner and County Supt. of Schools A. J. Thorne, were present and suggested means of increasing fair exhibits.

HOLSTEIN CALF AUCTION IS HELD AT FOND DU LAC
Fond du Lac—The Fond du Lac Boys' and Girls' Holstein Calf club was launched on Saturday when 101 pure bred Holstein calves were sold at auction bringing \$16,170. The boys and girls accompanied by their parents, occupied places at the ring side and placed their bids. Fond du Lac banks loaned the club members the money with which to make their purchases where such accommodation was desired. Lawrence Whalen, 12 years old, a member of last year's calf club, was one of the consignors to the sale. He bought a calf a year ago at \$125; he sold his calf on Saturday at \$300. On top of this he has a pocket full of prize money that he captured at the Fond du Lac county fair and at the state fair last fall.

DESPONDENT OVER SON'S DEATH; HANGS HERSELF
Platteville, Wis.—Mrs. Christine Snyder, residing on South Chestnut St., has taken her own life by hanging. She was found by her husband hanging in a stairway. She had taken a clothes line and tied it to the banister. Despondency over the death of her 12-year-old son, which occurred eight weeks ago, is believed to be responsible for the act. She was about 55 years old. No inquest was held.
Mrs. Snyder told a neighbor she was feeling badly that day and was afraid she might do something awful, but friends and relatives thought nothing serious was anticipated.

Spinning mills in Manchester and Liverpool, England, are making profits ranging up to 300 per cent on capital stock through the manufacture of raw cotton imported from the United States.
A "Marche du Monde" or market for producers and buyers of the world, costing \$20,000,000 and containing every appearance from 5000 shops to legal and customs departments, will be built in Paris.

DAUGHTER OF THE PRESIDENT ACTIVE IN Y. W. C. A. WORK

MEXICAN FRIENDSHIP IS HINDERED BY OUR WAYS

Suave Manner and Polite Deportment of Latin is Outraged by Direct Anglo-Saxon Method of Dealing, Survey Officer Says

(Special to Post-Crescent)
San Antonio, Tex.—America has brought Mexican prejudice upon herself because she has insulted the finer sensibilities of her neighbor, in the opinion of Colonel L. M. Maus, who is making a sociological and educational survey of the Mexican situation in Texas, New Mexico, Arizona and California under the auspices of the International Reform Bureau of Washington, D. C.
"I am convinced, after a careful investigation of the Mexican situation in the border states, that the only way to obliterate the prejudice between the Americans and Mexicans in the border country is by a 'right about face' change in our own ethics," said Colonel Maus.

The lesson which we have never learned, and which Americans have had ample opportunity to have assimilated through our experience in the Philippines and elsewhere, is that the suave manner and polite deportment of the Latin is outraged by the aggressive, direct method of the Anglo-Saxon in his dealings with the Latin race.

Colonel Maus says the American's egotism makes him a poor neighbor for a warm-hearted, demonstrative people like the Mexicans.
"Mexico wants to be friendly, and the United States wants to be friendly, but we hinder that friendship by our manner," he said.

WISCONSIN IS FIRST AND WYOMING IS LAST

Madison — While thirteen states furnished more men than did Wisconsin for the war, there were only five states that had more officers killed and seven that had more officers wounded than did Wisconsin, according to the official report of the war department. The known fact that Wisconsin officers remained at the head of their men in battle is one reason the remark is so often heard among service men that if they go to war again they prefer to go with the National guard. The other reason given by drafted men is that they want to go with men from their own community whom they know. The official report shows Wyoming with the minimum record of officer casualties in the A. E. F. That state lost two, one died of disease and the other committed suicide.

The president of the American Car & Foundry Co. of New York estimates that the railroads of the United States will need 849,500 cars during the next three years.

NOT A THEORY
It's a fact that the use of alcohol even in moderate doses as taken in tonics is often habit-forming in effect.
SCOTT'S EMULSION
an easily assimilated tonic-nutrient supplies the body with those elements that contribute to strength. Free from alcohol or any other harmful element, Scott's builds strength by nourishment.

BLACK CREEK MEN BUY A GARAGE AT PULASKI

(Special to Post-Crescent)
Black Creek—John Koehler and Henry Wehrman were at Pulaski last week, where they purchased the Ford garage. They took possession last Friday, and will move to Pulaski as soon as they can dispose of their farms here.

The Five Hundred club met at the home of Mrs. C. J. Burdick Monday evening. Prizes were won by Mrs. F. C. Welch and Mrs. J. G. Hines. A lunch was served at the conclusion of a pleasant evening.

Sylvia Wilson of Appleton, spent a few days with her mother here.

William Laird and family of Elkhart, spent Sunday at the home of Dr. J. J. Laird.

Harry Swann of Milwaukee, spent Sunday with his sister, Mrs. H. V. Shauger.

Mrs. William Trams of Kaukauna, was an over Sunday visitor here.

Miss Anita Steinman of Green Bay, spent a few days at her home here.

Mr. and Mrs. J. B. Hieck are visiting Appleton relatives this week.

Mildred Hopkins of Seymour, spent a few days here.

Ben Koehler, who is employed at Pulaski, spent Sunday with his parents here.

Mrs. F. C. Welch and Mrs. H. V. Shauger were at Appleton Saturday evening to attend a meeting of the Eastern Star.

George Enrich rented the Herman Hagen house on Maine street, and moved his family there Monday.

Miss Olga Eberhard returned to Shawano after spending a week at her home here.

Howard Kessler, who is employed at Appleton spent a few days here.

Clayton Shauger of Milwaukee, spent Sunday with relatives here.

Miss Gladys Williams of New London, spent Monday with her sister, Mrs. C. J. Burdick.

Dr. Huhn was an Appleton caller Sunday.

H. V. Shauger was an Onelida caller Monday evening.

SHORT NOTES

Miss Beatrice Herberger of Ripon is spending several days in the city visiting friends.

Lt. Col. Byron Beveridge of Madison stood in the city for a short visit with friends Tuesday morning. He was at Rhinelander and New London Monday in connection with business of the Wisconsin National Guard and expected to go to Neenah and Menasha today.

Mrs. Charles Schwalmberg of Hilbert, is the guest of Mr. and Mrs. Frank Koffarnus.

Lester Koch has returned to Stout Institute, Menominee, after spending the Easter vacation with his parents, Mr. and Mrs. A. G. Koch.

A number of Appleton people attended the dancing party at Neenah armory Monday night. Music was furnished by the Aerial orchestra of Neenah.

Miss Marie Goaz, 983 Lake street, is reported to be well on the way to recovery from an operation to which she submitted Saturday morning at St. Elizabeth hospital.

"High prices hurt the dealer as much as they do his customers," says Phillips.

In the polar regions the sea contains less salt than at the equator.

Mr. and Mrs. P. L. Hackbert, Mr. and Mrs. P. W. Drysdale and Mrs. Pauline Schlosser were guests of the Eastern Star at Kaukauna Monday evening. Mrs. Ella Sprin-Smith, Merrill, Grand Matron of the order, also was present.

RICE LAKE TO TAKE OVER LIGHT PLANT

Rice Lake, Wis.—Rice Lake, by a vote of 5 to 1, has decided to take over the electric light business of the city, upon the expiration of the present contract with the Wisconsin-Minnesota Light & Power company which has been furnishing power for illuminating purposes.

An expert on municipal plants has been looking over the plant and the council is going ahead with preparations. According to the figures, it is thought that the city can supply lights cheaper than the company is now furnishing it.

Pay When Cured

Dr. Burkhardt says he'll trust you if you won't trust him, and wants you to write him today for a treatment of Dr. Burkhardt's Vegetable Compound. Pay for same when cured of Liver, Kidney, Stomach, Trouble, Constipation, Catarrh, Rheumatism, Piles and Grip in early stage. Address: 211 Main St., Cincinnati, O. All Drug Stores. 30-day treatment 25c.—Adv.

SURE RELIEF FROM ITCHING SKIN DISEASES

Will Never Come From Salves, Ointments, or Other Local Treatment.

A million gallons of lotions, ointments, salves or other forms of local treatment will not give any real permanent relief from skin diseases. Get this fact firmly in your mind, and there is hope for you.

If you have ever been afflicted with eczema, tetter, boils, eruptions, or other similar skin irritations you can appreciate the real relieving discomfort that comes from these disorders. And what you are looking for is not merely temporary, palliative relief that may cause the terrible burning and itching to abate for awhile, but real genuine relief that shakes off the shackles of the disease, and restores the skin to its former healthy condition.

Follow the teachings of science, and you will learn that the skin is fed by the blood, and naturally, then, the condition of your skin will depend upon the condition of your blood. If the blood becomes

infested with millions of tiny disease germs that attack the skin, then the fiery irritation and intense itching will remain with you until these germs are attacked at their source and removed from the blood.

Genuine relief, therefore, can only be expected from a treatment that goes right to the seat of the trouble, and strikes at its cause. Such a remedy is S. S. S., the reliable old blood purifier that kills the germs of disease, and sends a new supply of rich red blood coursing through the veins.

S. S. S. has been used successfully in some of the worst cases of eczema and other skin disorders, and it can be relied upon to cleanse the blood thoroughly of the germs which cause these complaints.

S. S. S. is also a splendid tonic and system-builder, and it builds up and adds new vigor to the whole system.

Go to your drug store and get a bottle of S. S. S. today, and begin the right treatment for skin diseases. Then if you feel that your case requires special medical advice, you can obtain same without cost, by writing to Chief Medical Adviser, 13 Swift Laboratory, Atlanta, Ga.
